

Manifesto Template 2024

A manifesto tells people why you want to represent them and why they should vote for you, it sets out your ideas and plans. Your manifesto needs to say why you think you would be a good elected representative and what you would do if elected. It will also be a source of accountability should you be elected. Students will be able to see your progress in your role in accordance with what you promised to do in your manifesto.

The template below is one way to set out your manifesto. Carefully read the powerpoint presentation emailed to you by the elections team, spend some time thinking about what you might want to write in each box below and then write it into the spaces provided.

Once you are happy with your manifesto, copy and paste it into the space provided on the elections site: <https://www.londonmetsu.org.uk/elections/2023/>
